Mr. Rodney Taylor, District Superintendent
Rockville Elementary School
1256-56th Sparrow Lane
Lake Erie, OH 45268

Dear Mr. Taylor:
I am pleased to present my résumé to you for the position of Elementary School Principal with Rockville Elementary School. I have earned a Master of Science Degree in Educational Leadership, Bachelor of Science Degree in Elementary Education, and an Advanced Graduate Study in Educational Administration. With 15 years of classroom and administrative experience, I am confident in my ability to become a valuable member of your academic team.

The enclosed résumé will highlight my career accomplishments, showcase my exceptional leadership skills, and demonstrate my positive track record of administrative responsibilities and achievements. For the past ten years, I have served as a middle school principal, where I have gained experience in coordinating and overseeing program initiatives, optimizing the learning experience, staff development, curriculum planning and development. As a result, I have developed excellent communication, interpersonal, organization, critical thinking, and people management skills, enabling me to effectively coordinate with and direct a varied group of students and staff.

- Some key points in considering me for this position include:
- Cultivated a good rapport with school and local community members to portray a positive public image of the institution.
 - Designed parent workshops, launched fundraising initiatives, and organized school-wide activities that sparked the interest of the entire school.
 - Developed and implemented plans and programs that enhanced student learning.
 - Served on the Superintendent's Advisory Committee, conceptualized after school enrichment/STEM programs, and arranged student tutoring programs that incorporated multiple learning standards, across multiple content disciplines.

What the enclosed resume cannot explain is my uncompromising view that all students can learn, given a positive learning atmosphere that welcomes exploration and enhances student confidence. It is my belief that an educator's mission is to make school enjoyable and exciting – if students look forward to attending school, they will want to LEARN. I believe that is what school is all about.

I welcome the opportunity to meet with you to discuss how my extensive experience and skills will advance your academic program. Thank you for your time and consideration, and I look forward to hearing from you soon.

Sincerely,
Judith Block

Sample Letters of
Recommendation**

A. For an excellent student whom you know well
January 17, 2007
It is a true pleasure for me to write this letter of recommendation for Sandra Green, who was my student in Sociology 114, "Introduction to Sociology," in the winter term of 2006. Sandra is, with one exception, one of the best or five most outstanding students I have taught at Big State University in six semesters of teaching. Sandra is a special and creative thinker with an eye for detail and a devotion to logic, which serves her well both in the sciences and outside them. She has the specific ability to draw on her own experiences and observations in forming thoughtful opinions on a variety of issues. Sandra already knew she wanted to major in Biology when she took my course, but she did not discuss her intellectual curiosity about the topics we covered in introductory sociology. Her regular contributions and brilliant discussions provided insight both for her peers and for me as an instructor. Sandra was also invaluable in small-group interaction with her peers. Without my leading, she took the responsibility of helping her classmates understand their accounts of information (one culture) on one of them, and the group became a study group leader. In addition, Sandra was very generous with her time and energy. I remember her meeting individually with a student from Thailand several times during the final exam to help him master all the material in a foreign language.
